## Theme: God loves us

### The gift of God's love

#### Theme exploration:

Leo just wanted to love everyone. That's just like God, He loves everyone!! I know that is really amazing isn't it and do you know he loves us all the same amount? 1 John 4:19 says "we love because He (God) first loved us".

God is love and He loves us. There are many ways that God shows His love to humankind and they are usually the things that we mostly take for granted. Like the sun rising each morning, the air we breathe, the water we drink, the food we eat and the families we have. Did you know that that God keeps everything in balance? If the earth were any closer to the sun the earth would burn up, but any further away and we would freeze. Wow, God is a great big God, who loves you, loves you for exactly who you are.

What does God want in return? Christians are called to 'love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.' Matthew 22:37.

### Things for you to try this month:

- Every day for a week find something that shows Gods love for you, and say a quick thank you to God.
- Make a list of things which we take for granted that God has provided and say thank you for each one.
- Before meals say thank you to God for the food He provides with a prayer such as "Lord bless this bunch as they munch their lunch" or "Rub a dub tub thanks for this grub", or use the Superman Grace see here:
