MONEY

**Where it comes from, Where its going and why
its all about Faith**

Prebendary Dr John Daniels

AT: St Andrew's Methodist Church

Pump Street, Worcester, WR1 2QT 1.45pm for 2pm

John Daniels has been an Anglican priest since 1992, latterly serving as Local Ministry Officer and Warden of Readers in Hereford Diocese. His background is in earth sciences, having gained a PhD in physical oceanography in the 1980s. Following a brief period as a software engineer, he completed his ordination training with a master's degree in religious studies. John's academic interests over the years have been wide-ranging, with a recent focus on theology, economics and the ecological crisis. His main concern throughout his ministry has been to help ordinary Christians better understand various facets of the times we live in, and to think through what an authentic Christian response might look like. John is an experienced communicator, having facilitated parish-level study groups throughout his years of ordained ministry. He has also taught at tertiary-level on diocesan and regional ministry education courses in Cumbria, Yorkshire, Wales and the West Midlands.
